

ARIZONA CAMERA CLUB COUNCIL

# THE CHRONICLE

**AFFILIATED WITH THE PHOTOGRAPHIC SOCIETY OF AMERICA**

**FEBRUARY 2007**

## **PRESIDENT'S MESSAGE**

**Louis Romain**

I see the New Year as a time for reflection and change. I want all of us in ACCC to vow to create better photographs! We can all start by scrupulously following the rules of the PSA and its member council, ACCC.

The first order of business in this era of digital photography is to look over the new rules for competition photographs. Let's look at the new rules of the PSA as they apply to ACCC. We want to follow PSA rules as they are objective, fair and universal. If we follow their rules we can enter our images virtually anywhere. First, no borders are allowed in nature prints or digital. The image can be set on a background, but there can be no additional border. Nature images must be an honest representation of the subject matter.

The photographs must show nature as it exists. Therefore, the picture elements must not be moved, cloned, added, deleted, rearranged or combined. No manipulation or modification is permitted EXCEPT resizing, cropping, selective lightening or darkening, and restoration of the color of the original color of the scene. No special effect filters can be added, and any sharpening must appear natural.

I want to remind all clubs and entrants that no ACCC print entry may be mounted on foam core. This is an ACCC rule. At the last meet, a few of these entries were allowed to be contested so that the members not be deprived of competing but all future entries are not to be accepted for competition by the delegates. I appreciate your adherence to this rule and the aforementioned ones.

## **PSA INTERNATIONAL CONFERENCE IN TUCSON**

Can you imagine? The PSA is actually meeting only a few miles from our homes! The last meeting there is still being remembered as one of the best conferences in PSA history. You don't have to be a PSA member to go and the cost is reasonable. The world's top exhibitors will be there as will camera aficionados from all over the world. There will be programs covering all phases of photography presented by top PSA amateurs. There will be field trips. There will be special programs for new photographers and attendees of their first conference. There will be a giant model shoot put on by a big name professional

photographer from Las Vegas. There will be an award's banquet on the last night for the society to give its special awards to members and the coveted PSA Progress Medal. There are several evening programs sponsored by the big photo companies and put on by internationally recognized professionals. It will be held the first week in September. The conference will be held at a brand new multi-million dollar hotel in Tucson. Rooms which are normally about \$300 a night will be \$86 for conference attendees! I will present an introductory program about the conference at our ACCC Spring Meet. You will be able to see for yourself all about the hotel, Tucson and the conference.
