PRESIDENT'S MESSAGE

Louis Romain

Our ACCC continues to grow in quality and quantity of projected images both slides and digital images as well as monochrome and color prints. The greatest growth has been with the prints. It is getting increasingly difficult to take home awards from ACCC! I, for one, like seeing so much competitive enthusiasm. Your ACCC Board has passed some new rules to keep competition fair and to assure that only the best work be seen at ACCC.

Beginning with the Fall ACCC Meet, a club member may enter only 6 prints. These prints may each be entered in any of the categories not to exceed 2 prints in any one category. Also starting with the Fall 2007 ACCC Meet there will be a new print category, Creative Prints. This will allow our members to compete in this new and exciting competitive area. In the past there have been so many prints

that they have inundated our chairman and have produced real problems in displaying the work of our photographers. Your ACCC Board wants all prints displayed, if at all possible.

Your ACCC Board and I want to remind you all of an ACCC rule. Any work that wins 1st, 2nd, 3rd or HM may not be entered again in that division. The divisions are PROJECTED IMAGES, MONOCHROME PRINTS AND COLOR PRINTS. For example, if an image takes an HM in any of the several projected image categories, it cannot be re-entered as a projected image BUT THE IMAGE COULD BE MADE INTO A PRINT either monochrome or color and entered there. I know that our members will follow this important rule aimed at keeping competition fair for all photographic exhibitors

IN MEMORIAM - ARTHUR BENDER

On Sunday, April 1, 2007, Arthur V. Bender, died peacefully at home of natural causes. Arthur was born in Harrisburg, PA, graduated from Purdue University with a Degree in Chemical Engineering. He worked for E I DuPont de Nemours & Co. for a short time and then for National Lead Company until his retirement in 1976. Arthur and Mary moved to Sun City West from Maplewood, NJ, in 1979.

Arthur was a primary founding member of Photography West in 1981, a 40 year member and

Fellow of the Photographic Society of America, and served as President of the Arizona Camera Club Council. On November 12, 2005, Arthur received an Associate Honors Award from the ACCC.

Arthur was a very active member of Photography West. Although he never wanted to be President, he remained dedicated to promoting all that was good for the club as an Honorary Board member. He is survived by his wife, Mary, of 67 years and their son, David. Arthur Bender was 95. Arthur will be missed by all.

MESSAGE FROM PRESIDENT-ELECT

Bill Gill

A nice problem has confronted ACCC. There have been an increasing number of photo prints entered in our Round Up Competitions resulting in a demand for more display space at our Round Up sites. The Board of Directors is delighted that more of our members are entering prints but it is causing ACCC a problem when it comes to arranging for a Round Up site.

A suggestion was made that we find a site that will have enough space to accommodate our Round Up programs and then continue to use the location to satisfactorily handle all our Round Up events. We will be meeting at the Sundial Recreation Center in Sun City for our Fall 2007 Round Up. The arrangements that the Camera Guild of Sun City has made for this event could perhaps solve the problem of future hosting clubs finding space at an economical price.

If the Board of Directors decides in favor of the arrangements at Sun Dial Recreation Center, it will be our Round Up meeting site in the future with each ACCC club taking a turn at hosting the event. That means that each Host Club will provide the personnel to run the event, i.e. Technical Projection, arrange for catering service, arranging the continental breakfast and all the other tasks involved in running a Round Up.

The Board will have to make a decision as to the future Round Up arrangements.

REMINDER - ACCC HAS A WEB PAGE!

The NEW ACCC web page is "on the air"! The Chronicle is available for download in Adobe PDF format. You can visit the ACCC web page at:

NORTHWEST CAMERA GROUP

The Northwest Camera Group, comprised of members from **Sun City Grand Photo**, the **Camera Guild of Sun City**, **Photography West**, **Wickenburg Camera Club**, and **Westbrook Village Photography Club** will sponsor their fifth annual winter competition on Saturday, February 2, 2008.

The host club for this year's competition will be **Sun City Grand Camera Club**. The show location will again be at Westbrook Village but relocate to the Lakes Recreation Center on Westbrook Parkway in Westbrook Village.

Once again entries can be in digital or print format. Categories will include Nature, Open, Monochrome and Creative (altered reality). In addition for the first time this year a People's Choice category will be included and for this category alone the subject will be **Photojournalism - a picture that tells a story**. The winning entry for People's Choice will become the advertising poster for the Northwest competition in 2009.

Members from these five clubs are encouraged to participate and attend this enjoyable event which will include presentations by noteworthy speakers as well as the opportunity to visit with your fellow photographers and view the always spectacular entries. Feel free to include your spouses and guests. Ribbons will be awarded in all categories.

Contact your club representatives for specific entry details. Sun City Grand Photo - Wayne Wellan and Dik Salsbury, Wickenburg - Debbie Kaiser, Photography West - Jane Burke, Sun City Camera Guild - Gary Marklund and Westbrook Village - Mary Barany.

ACCC DIRECTORY

In order to keep our directory current a request is being made to all clubs to inform us of any changes in Officers, Representatives, Dates and Meeting places. We realize that all clubs do not operate on the same schedule. Your cooperation will be greatly appreciated. Please send any changes to Doris McCrossin (dmccrossin@cox.net) and Bernardine Ginsberg (mginsber@cox.net).

HOW TO PREPARE THE IMAGES AND PAPERWORK FOR DIGITAL COMPETITION

Because ACCC will be using a software program that requires certain naming standards, the representatives of the club must have the following information on the images and Excel files. This software cuts the judging time in half and makes it easy to select top scores. If the information is missing, the image CD will be returned to the club for correction. There are over 400 digital images and the processing must be easy for a Chairman or no one will take the job. If there is not enough mail time, you may have to bring a new CD to the Chairman.

Images must be named in the following order:

1. Image files must begin with: the category (C,N,O,R)
2. 3 initials for the club: PCC, SAG, etc.
3. Last name, first initial or first name: Smith, John or Smith,J,
4. Title of the image: Blue bird of happiness or whatever
5. When you save it as a JPEG, it will automatically add: .jpg
6. CHANGE FROM LAST REPORT > **USE COMMAS** rather than dashes. Please, not all capital letters.

The CD will have the following:

1. An Excel file showing the information on your images
2. 4 folders divided into the 4 categories > Creative, Nature, Open, Rotating.
3. Inside each category folder > images will be in list form and not thumbnails so you can check to see that they are all correctly named. Look carefully to see that they line up.

DOUBLE CHECK YOUR CD before you removed it from the computer and OPEN at least one of your folders to double check that the recording is correct. The images should read: C,SAG,sams,n,blue bird.jpg. This is not case sensitive but all caps makes it harder to read and copy.

A paper copy of your Excel file is nice but you must turn in the follow:

Two paper copies of a document listing the club, the representative contact (if there is a problem), including phone and email address.

Number of images on the CD

Amount of money you are turning in for those images.

One copy of this document, the chairman will keep and one copy goes with the money to the Treasurer.

A paper copy of the Excel makes it easy to find an image and appreciated.
